The Digital Agora showcases site-specific contemporary projection-based artworks in public space, at night, to celebrate the unique characteristics of Nillumbik's townships.

Join us in Eltham to launch artworks by artists Pie Bolton, Kiera Brew Kurec and Jane Crappsley.

The Digital Agora is presented by Nillumbik Shire Council with the support of the Victorian State Government through Creative Victoria's 'Creative Suburbs Program' and in partnership with Centre for Projection Art and ACMI X and Yarra Plenty Regional Library.
